

Rescheduled FAASafety Team Flight Instructor Open Forum

CFI professionalism, weaknesses and other factors will be examined in this interactive forum, including Pilot Deviations as it relates to Airspace and Runway Incursion violations. While this does not count for renewal it is an opportunity to get together with other instructors and discuss various relevant topics.

Directions: Turn south on the airport entrance road from MD198, just south of MD 32. Take the left turnoff to General Aviation Drive. The classroom is in the first building on your right just before the flagpoles.
