

Real World IFR

This AOPA Air Safety Foundation presentation is a must for any instrument rated pilot looking to gain insights into "Real World IFR" through the experience of professional pilots. Whether you haven't flown under Instrument Flight Rules (IFR) for a while or you just got your Instrument "ticket", this safety briefing will provide you with the tools that you need to do it safely and easily.

Professional pilots fly every day in all types' of weather, and they do it safely! And so can you! Click on the link below to see additional details and register TODAY!!

Directions: Please see map link for directions, go to the large conference room on the left as you enter the main library entrance.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!
