

Cambridge Airport Wings & Wheels 2015

Poor crosswind technique is a major cause of loss of control during landing and takeoff. As a local Designated Pilot Examiner, FAASTeam Rep, John Cutcher has had many opportunities to see good and bad crosswind technique. He will be presenting what he has learned at the Cambridge Airport Wings and Wheels weekend.

Come learn from his experience, enjoy the food, music, aircraft displays, automobiles and aerobatic demonstrations. Don't miss this event. Click on the link below and register TODAY.

Directions: B&B Sport Aviation Hangar

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
