

Baltimore FAASTeam presents:

Meet the Controllers

KMRB is a Class D airport when staffed by air traffic control tower personnel. The airport has a mix of operations that includes military transport aircraft, medevac helicopters, primary flight training, and more. Air traffic control tower personnel will discuss these operations as they are unique to KMRB as well as general procedures for operating in a controlled airport environment. Don't miss this exclusive event. Click on the link below and register TODAY.

Directions: From I-81: Take Exit 8 (Tabler Station) and proceed east toward the airport. Southbound vehicles will turn left to go across the overpass. Northbound vehicles will turn right at the end of the off-ramp. Proceed straight through the Rt. 11 intersection traffic light. Approximately 1/4 mile past the radar, make a left-hand turn onto Pilot Way. Follow the road to Aero-Smith.
From Rt. 9: Proceed into Martinsburg. Make a left onto Rt. 11. Once on Rt. 11, proceed to the first traffic light (Rwy 8 approach on left, Sheetz on the right). Turn left. Approximately 1/4 mile past the radar, make a left-hand turn onto Pilot Way. Follow the road to Aero-Smith.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
