

FAASTeam presents:

Eastern Shore Safety and NexGen Seminar

At this informative briefing we will discuss ADS-B-out requirements and options, as well as the September GAJSC Topic of the Month, plus SBY tower controller Q&A. Learn what is coming up soon and what will be required by 2020! Major revisions are coming to the National Airspace System between now and 2020. ADS-B requirements are not going away and 2020 will be here before you know it. Everyone who flies in controlled airspace is affected and needs to gain an understanding of how ADS-B works and how it affects them. Learn what you need to know to prepare yourself and your aircraft to meet the upcoming ADS-B requirements. Click the link below and register TODAY.

Directions: Driving: Park in the terminal paid parking lot. Parking will be validated.

Flying: Taxi to transient parking at Bay Land Aviation. Obtain fuel if needed on arrival -- they close at 8pm. Transport to terminal will be provided leaving Bay Land at 7:20 pm.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
