

FAA Safety Team presents:

## CFI Open Forum

The flight review is a golden opportunity for the flight instructor. Virtually every pilot will need a flight review at least once every 24 calendar months. It is an opportunity to mold safer pilots.

As you know, safer pilots will improve the accident rate. In particular, if properly conducted, such a flight review will reduce the amount of LOC-I accidents. Perhaps the most important opportunity is this might be the only chance that CFIs will have to interact with those pilots that shun recurrent training. Join us in the discussion of this important topic.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

**Directions:** Turn left onto General Aviation Drive. The first driveway on the right leads to the parking area for the classroom. The classroom is first one story building you come to. As you face the flagpoles, the building and its entrance is to the right.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
