

FAASTeam presents:

Mastering the Art of Instrument Navigation

IMC Club, through its nationwide EAA chapters, provides organized "hangar flying" focused on building proficiency in instrument flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend. Click on the link below and register TODAY.

Question of the Month:

"You are at the towered airport, but the tower is closed for the night. ATC clears you for the ILS approach to RWY 22. They advise you to switch to the advisory frequency as you approach the FAF.

Do you need ATC permission to change the approach you are performing? Can you fly a Localizer approach & not the ILS? Can you fly the ILS & circle to land to another Runway (i.e., Rwy28)? Do you need ATC permission to circle to land with the tower closed? If you do not need their permission, do you need to advise ATC that you are now performing an ILS 22 with a circle to land procedure?

Attend the meeting and discuss the answer!

Event Details

Tue, Jan 16, 2018 - 19:00 EST
AOPA Aviation Community
Center, Frederick Municipal
Airport

296 Bucheimer Road
Frederick, MD 21701

Contact: Larry Jarkey
443-598-6770
CFII@xecu.net

Select #: EA0780276
