

FAASTeam presents:

Mastering the Art of Instrument Navigation

IMC Club, through its nationwide EAA chapters, provides organized “hangar flying” focused on building proficiency in instrument flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend. Click on the link below and register TODAY.

Question of the Month:

“You are on a descend via clearance and the controller vectors you off the procedure for traffic. Are you going to continue your “descend via” altitude?”

Directions: AOPA Aviation Community Center is located on the south end of Frederick Municipal Airport. From Hughes Ford Road, turn right on Bailes Lane which turns into Bucheimer Road. The AOPA Aviation Community Center is on the left.
