

FAASTeam presents:

Westminster Aerobats Flying Club - Monthly Safety Meeting (KFDK)

The Westminster Aerobats Flying Club uses the FAA WINGS Pilot Proficiency Program as the basis for its safety system and safety culture. All club members are required to participate in the program and to obtain at least one phase of WINGS each calendar year. In this way, our club members stay proficient to the same standards and the club adheres to a documented safety program which helps reduce insurance premiums.

Topics are selected from WINGS Activities and Courses, and emphasis is placed on the WINGS program's Topic of the Month and Topic of the Quarter.

The program is lead by FAASTeam Representatives and/or instructors, and WINGS credit will be given for full participation.

April Topic of the Month: Stabilized Approach & Go-Arounds.

Directions: Due to the current situation, this will be an online meeting. Please register and I'll invite you to the meeting. All you'll have to do is follow the link that I'll send to you.
Call Steve on 402 200 8930 if you want more information

Event Details

Mon, Apr 13, 2020 - 18:00 EDT
Virtual Meeting. Register and I'll
invite you to the meeting.
