

FAASTeam presents:

**Expand your Aviation Horizons and Have Fun Doing It**

This safety seminar is part of an Aviation Day at Rogue Valley International Airport (KMFR), on Saturday July 9th 2022. More details can be found, [here](#).

Join the Rogue Valley Flying Club and the AOPA Flying Clubs team for a fun-packed day of aviation information and education, including this WINGS safety seminar.

We know that loss of control accidents can happen when pilots are taken outside of their comfort zones—and that a big contributor to being “uncomfortable” is when something happens that we haven’t seen before and so haven’t trained for. As ground dwellers, our instinctive reactions to being startled could save the day through the fight-or-flight and freeze-in place responses. As airmen, these natural reactions could harm us. Training our responses to better handle startling situations, along with stall, spin and upset recovery techniques may help reduce loss of control accidents, but should we first prepare ourselves by getting better at more familiar maneuvers, in order to open up the learning opportunities offered by more intensive training?

To earn WINGS credits, please register using your [faasafety.gov](http://faasafety.gov) email address. Prior to attending this seminar, please review and

## Event Details

**Sat, Jul 9, 2022 - 14:30 PDT**  
**Terminal Building, Rogue Valley International Airport—Medford**  
1000 Terminal Loop Parkway  
Upstairs Conference Room  
Medford, OR 97504

**Contact: Dr. Stephen Bateman**  
**(402) 200-8930**  
[sbateman7799@gmail.com](mailto:sbateman7799@gmail.com)

Select #: EA07113425

Lead Representative Stephen Bateman

abide by current CDC, state, and local health guidelines.

**Directions:** Driving in:

Park at the terminal parking lot. The seminar will be upstairs in the terminal building conference room. Bring your parking stub to the seminar—parking will be validated at the seminar.

Flying in:

This is a Class-D airport—use the current airport diagram and check NOTAMs! Request taxi to Transient Parking. Check in with the FBO, Million Air. Exit the FBO on the road side and walk to the terminal building.

Prior to attending this seminar, please review and abide by current CDC, state, and local health guidelines.

### **A message from the National FAASafety Manager**
