

## Meet the Controllers

KMRB is a Class D airport when staffed by air traffic control tower personnel. The airport has a mix of operations that includes military transport aircraft, medevac helicopters, primary flight training, formation flying clinics, charter operations and more. Air traffic control tower personnel will discuss these operations as they are unique to KMRB as well as general procedures for operating in a controlled airport environment.

**Directions:** In the hangar of Bravo Flight Training; adjacent to the airport terminal building. Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.
