

## WINGS Pilot Proficiency Program Why Should we Participate

Understand the importance of participating in a structured Safety Program

The objective of the WINGS Program is to address the primary accident causal factors that continue to plague the general aviation community. By focusing on this objective, we hope to reduce the number of accidents we see each year for the same causes. As you will see, it is not a simple “Award” program but is instead a true proficiency program, designed to help improve our skills and knowledge as pilots.

The **WINGS** - Pilot Proficiency Program is based on the premise that pilots who maintain currency and proficiency in the basics of flight will enjoy a safer and more stress-free flying experience.

The program encourages an on-going training program that provides you an opportunity to fly on a regular basis with an authorized flight instructor. The program is most effective if the training is accomplished regularly throughout the year, thus affording you the opportunity to fly in different seasons and in different flight conditions.

Hangar 1 is located just inside the security gate on the Civilian side of the airport. If flying in, Park on the ramp on Taxiway B abeam the South T Hangars. If driving in, contact Lee Jones at 240-675-4679.
