Advanced Ground Instructor Kathy Harkness was introduced to flying when a friend bought her an introductory flight, which lit a fire in her to further explore aviation. She has gone on to earn a private pilot license, buy a classic 1939 Luscombe, earn an advanced ground instructor certification, and a Light Sport Aircraft Repairman certificate. As an AGI, she loves to light the fire under other prospective pilots.

Lunch will be available after the seminar.

Please register for the event so that your email address is available in case any changes are necessary due to the status of the runway construction.

The seminar is at the Chesapeake Sport Pilot building in the maintenance hangar.
