

EAA Chapter 524 Monthly IMC Club Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario we will discuss at this meeting is: 'Special VFR'

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend. We will also be discussing how you can earn **WINGS** Credit.

Question: You are enroute on an IFR flight and ATC issues you a “Direct to” fix instruction. You think for a moment and you haven’t a clue where the fix is and even how to spell it. What should you do?

Join us for a fun and informative discussion!
