

A Safety Call to Action - Avoiding a Really Bad Day

The presentation and interactive discussion will consist of an overview of local airport operations and associated challenges, air traffic control services, and why air and ground deviations are a critical topic of concern. The presentation will also offer tips for successfully avoiding pilot deviations.

A similar forum will be held at Montgomery County Airpark on Thursday, July 17, 2025 at 6:30 PM EDT. That forum will include specific information for Montgomery County Airpark.

Turn south from Airport Road onto Corkran Road, at about midfield and the Airport Manager Office/ ACE Hangar will be on your right.

A message from the National FAASTeam Manager
