

EAA Chapter 524 Monthly IMC Club Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario we will discuss at this meeting is: "*Last Chance Landing*".

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend

We will also be discussing how you can earn **WINGS** Credit.

Lead Representative LARRY JARKEY n/a

Question of the Month -

The AIM guidance warns pilots of ILS signal disturbances that might be encountered

- a. if a vehicle is within the ILS critical area.
- b. in weather at or above standard CAT I minimums.
- c. In weather requiring an ILS of any category.
- d. If the ILS test frequency is active.

Join us for a fun and informative discussion.

****This meeting will be at least 90 minutes in duration****

This EAA IMC Club meeting will be held at the Frederick Maryland EAA Chapter 524 Aviation Education Center. The Aviation Education Center is located at the Frederick Municipal Airport, 111 Airport Drive East, Frederick MD 21701. As you enter the airport, park in the Terminal Parking lot. Walk south past the Frederick Flight Center (flight school building). There are signs on the end of the second row of hangars for the Chapter.
