

## EAA Chapter 524 Monthly IMC Club Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

**The scenario we will discuss at this meeting is: "Traffic Avoidance"**

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend

We will also be discussing how you can earn ***WINGS*** Credit.

## Question of the Month:

Besides air frame icing, what types of icing must a pilot be aware of when operating in conditions of visible moisture?

Join us for a fun and informative discussion!
