

## Avoiding Pilot Deviations in the Baltimore Washington SFRA

The Airspace in the Baltimore, MD and Washington D.C. areas contain the Flight Restricted Zone (FRZ), SFRA, TFR's and many other areas of Special Use Airspace. If you fly in this airspace or plan to in the future, don't miss this valuable presentation provided by an Air-traffic Controller at Potomac TRACON. The speaker is assigned to the Chesapeake Sector, which includes most of Maryland. There will be ample time for questions at the end of the presentation.

To be held at the Fort Meade Flying Activity Hangar 80. Signs will be posted.
