

Runway Safety Action Team Meeting & Surface Safety Symposium

Concerned about ground operations at KJFK Airport? This is your opportunity to share those concerns and suggestions. Attend this important meeting being conducted by the FAA and the Port Authority of New York and New Jersey (PA). The Federal Aviation Administration (FAA) has made the reduction of runway incursions and surface incidents one of its top priorities. As part of this effort, Runway Safety Action Team (RSAT) meetings are held at individual airports to identify and discuss surface movement issues and to formulate a Runway Safety Action Plan (RSAP) to address them.

Directions: See Map Link

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
