

## Mid Island Air Service Monthly Pilot Safety Seminar

You are invited to a safety workshop titled THE DIGITAL COCKPIT - The Virtues and Limitations of Various Navigation Products. This seminar is presented by featured speaker Ron Kaplan, a commercial pilot & USCGAUX 014-06 mission pilot. The briefing will discuss the ongoing transition from paper to digital data, introduces electronic platforms for preflight planning and navigation, as well as the advantages and disadvantages inherent in this growing trend. Hosted by: The Doorologist & Pegasus Financial Consultants, Car Circus, Advanced Epoxy Flooring, & SMPL Technologies.

**Directions:** Please see map link and "Additional Seminar Information" for directions.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
