

The Future of General Aviation Flying on Long Island!

Don't miss this exciting event featuring an expert panel discussion that will address the future of general aviation (GA) flying during the next five years in the NYC Long Island area! The event will include brief presentations on local safety topics including communications and takeoffs & landings. The panel discussion and a question and answer (Q&A) session on the future of GA flying will involve three subject matter experts; Frank D'Angelone, FAA Designated Pilot Examiner, Jeff Comeau, Front Line Manager at New York TRACON (also holds Commercial and Instrument ratings) and Manuel A. Ceja, MD, Senior Aviation Medical Examiner. They will share their views of the trends, changes and new innovations that may impact local pilots. Click on the link below to register today!

Directions: Passenger Terminal, Main Floor.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!
