

The FAA Safety Team presents:

Bayport Aerodrome Society Fly-In!

Take a nostalgic trip to a grass strip aerodrome with antique aircraft! Enjoy the many static displays and a pancake breakfast. Attend the FAA Safety Team FREE seminar with featured speaker Paul Pilipshen (FAA Safety Team Lead Representative) and refresh your understanding of the WINGS Pilot Proficiency Program and the FAASafety.gov website. Not participating in WINGS? Only you can choose to be a SAFE pilot. Statistics indicate that pilots who participate in a recurrent training program are far less likely to be involved in an accident or incident! We'll see you there!

Directions: The entrance to Bayport Aerodrome Society (BAS) is off Nichols Road. From Sunrise Highway, go South on Nichols Road (RTE97) and make a right turn at the first light onto Church Street. Make next left onto Vitamin Drive and follow the signs to the (BAS) parking lot. North from Montauk Highway make a left at the second light and proceed as above.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
