Concerned about ground and flight operations at East Hampton Town Airport (KHTO)? This is your opportunity to share those concerns and suggestions. Attend this important meeting conducted by the FAA and the Runway Safety Office. The Federal Aviation Administration (FAA) has made the reduction of runway incursions and surface incidents one of its top priorities. As part of this effort, Runway Safety Action Team (RSAT) meetings are held at individual airports to identify and discuss surface movement issues and to formulate a Runway Safety Action Plan (RSAP) to address them.
