

Operation Raincheck

Attend this exclusive event and get a rare and behind the scenes look of an Air Traffic facility! Attendees will be furnished with a more complete understanding of the FAA's Air Traffic Control (ATC) system. Topics will include daily ATC operations, equipment and capabilities, Runway Safety, FAA regulatory requirements, the WINGS Pilot Proficiency Program and a review of recent aircraft accidents and incidents. All pilots and flight instructors are encouraged to attend. Very few pilots ever get to experience this opportunity and seating is limited so register today! See you there!

Directions: Take the Stewart Avenue Exit (M3) off the Meadowbrook Parkway. This will place you on Merchants Concourse heading south. Cross over the Meadowbrook Parkway to Stewart Avenue. Turn left onto Stewart Avenue towards Merrick Avenue. The entrance to the TRACON will be on the left prior to Merrick Avenue.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
