

## Ask the Mechanics!

Have you ever wondered what type of lube to use on your landing gear? Would you like to know why your Cessna nose gear shimmies? What about knowing when to replace your brake linings? At this exclusive event, four (4) experienced aircraft mechanics will be at your disposal to answer these questions and many more. This is an open forum event for pilots and technicians of any experience level. Attendees will increase their knowledge base of aircraft systems, aircraft maintenance and preventative maintenance. Click the link below and register TODAY.

**Directions:** Please see the "Additional Seminar Information" section for driving directions.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
