

Ask the Mechanics!

Have you ever wondered what type of lube to use on your landing gear? Would you like to know why your Cessna nose gear shimmies? What about knowing when to replace your brake linings? At this exclusive event, four (4) experienced aircraft mechanics will be at your disposal to answer these questions and many more. This is an open forum event for pilots and technicians of any experience level. Attendees will increase their knowledge base of aircraft systems, aircraft maintenance and preventative maintenance. All aviation enthusiasts are welcome. Click on the link below and register TODAY.

Directions: Please see the "Additional Seminar Information" section for driving directions.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
