

IMC Club NYC

IMC Club studies real life events in the IFR world.

Use this opportunity to see a video explaining the dilemma that faced this pilot and how he reacted. The video is followed by discussion within the group of participants. Through its nationwide chapters, IMC Club provides organized “hangar flying” focused on building proficiency in instrument flying. Monthly IMC Club meetings use real world scenarios at each meeting to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend. Click on the link below and register TODAY.

Directions: Madison Avenue between 29th and 30th Street, East Side of Madison. The meeting will be held on the 5th Floor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
