

Brookhaven Airport Safety Seminar

Loss of control awareness is a hot topic for the FAA, while loss-of-control culminating in an inadvertent stall/spin is on the NTSB most wanted list for 2015. Stall/spins account for 12% of general aviation accidents, but upwards of 20-25% of fatal accidents. Over 20% of the fatal stall/spins occur with CFI's on board!. Don't miss this exclusive event. Click on the link below and register TODAY.

Directions: The event will be held in Northeast Airpark Hangar #1 at the Brookhaven Airport (KHWV) in Shirley NY 11967. You may contact them as follows:
Fuel & Services: (631) 521-7033 Hangar Rentals: (631) 399-3348 Unicom: 122.85

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
