

EA11 FAASTeam presents:

**An Exclusive Seminar with Aerobatic Competition Pilots Pete
Muntean and Katerina Barilov**

This exclusive seminar will cover the topic of aerobatic flight including an open Q&A session with the speaker (see Additional Information for speaker information). All aviation enthusiasts are welcome. "No, it won't help you to recover from an unrecoverable situation, but having the training means you'll correct before you get yourself into that kind of position. Besides, it's an enormous amount of fun, and it may open up a whole new arena to you" - AOPA. Please email mike.unruh@ventura.aero if you have any questions. Don't miss this event.
