

FRG FSDO FAAS Team presents:

# IMC Club Meeting - Mastering the Art of Instrument Navigation

When the frequency gets busy and ATC can't talk fast enough, it can seem like you've been forgotten—and perhaps you have. How far will you let this situation deteriorate before you take preemptive action even though it may be in direct violation of an ATC clearance? Through its nationwide chapters in association with EAA, IMC Club provides organized “hangar flying” focused on building proficiency in instrument flying believing that safety and proficiency are developed through education and experience.

Through its nationwide chapters in association with EAA, IMC Club provides organized “hangar flying” focused on building proficiency in instrument flying believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios at each meeting to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend. You do not have to be a rated instrument pilot to attend. Membership in the international IMC Club is encouraged but not required. For more information and to attend this event, click the link below and register TODAY.

**Directions:** Republic Airport Terminal Building, 2nd Floor Conference Room
