College of Aviation Building

Shirley, NY 11967

Contact: Dan Brooks

917-273-9973

dan@brooksaviation.com

Select #: EA1168646

Lead Representative DANIEL EVERETT

BROOKS

This safety seminar will include topics relevant to operations at non-towered airports and the AOPA Airport Support Network (ASN).

Non-towered operations are attractive to those that do not like to talk to someone on the radio, but they lend themselves to a new level of risk.

We will be hosting an moderated open discussion about non-towered operations unique to Brookhaven which will include a representative from each operation at Brookhaven

including: Glider Operations Parachute Operations Banner Towing Flight Training Operations

We will review regulations related to non-towered airport operations and excerpts from the Aeronautical Information Manual (AIM).

Directions: The event will be held on the second floor of the Dowling College of Aviation building, Room B201, at the Brookhaven Airport (KHWV) in Shirley NY 11967. Enter the college from William Floyd Parkway.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants.
