

## Be Air Aware of High Altitude Hazards!

Guest speaker Glenn King from the National AeroSpace Training and Research (NASTAR) Center will be talking and hosting a Q&A about: High Altitude and Hypoxia Awareness with Rapid Decompression Training Upset Prevention and Recovery Training Advanced Pilot Training programs

These guys have some serious simulators and training experience from altitude chambers to spatial disorientation sims available to civilian pilots.

**CLICK HERE TO RSVP**

**Directions:** Come to the 5th Floor reception at 99 Madison Ave (between 29th and 30th Street).

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
