

IFR Meeting

It seemed like a good idea at the time: Climb into the clear above potential icing and ride fantastic tailwinds all the way home. You'd arrive in time for a VFR descent and dinner. Now you're on top of a rising undercast with only oxygen-required altitudes above and known icing below. What's the best move?

Directions: The meeting will be held in the Republic Airport Main Terminal Building, 2nd Floor Conference Room

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
