

## IFR Meeting

Every pilot has been there: A need to drain a certain personal sump and a choice between holding it or diverting for a pit stop. However, this diversion is in IMC and the best approach includes a requirement you can't meet, but certainly won't need. Will you go for it ... or just go later?

**Directions:** The meeting will be held in the Republic Airport Main Terminal Building, 2nd Floor Conference Room

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
