

Farmingdale FSDO and FAA Safety Team presents:

Manhattan Flight Club - Instrument Flight Roundtable (IFR) Meeting

The Instrument Flight Roundtable is a monthly organized “hangar flying” session focused on building instrument flying proficiency. We use real-world scenarios to engage our members and allow them to share and build their flying experience. During our lively discussion, we illuminate aspects of instrument flight to help you gain a better understanding of flying “in the system.” You’ll gain increased comfort with routine flight, and sharpen skills to help cope with abnormal situations.

This event is suggested for instrument-rated pilots and private pilots studying for or interested in pursuing their instrument rating. Open to everyone. You do not have to be instrument rated to attend.

Click here to RSVP

Directions: Come to the 5th Floor reception at 99 Madison Ave (between 29th and 30th street).

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
