

IFR Meeting - Date Changed To Wednesday February 27th!

Please Note: Due to a schedule conflict, the date of this event has changed to Wednesday February 27th!

You're waiting for an IFR release with clear sky only 1,000 feet above you. Yet you're stuck—unless you can come up with a creative way to work around the core limitations of IFR from non-towered airports. The wrong decision cost someone his certificate in a famous enforcement case. Will you make the right one?

Directions: The meeting will be held in the Republic Airport Main Terminal Building, 2nd Floor Conference Room

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
