

FRG FSDO FAASTeam presents:

Westchester County Airport (HPN) Users - Local Runway Safety Action Meeting

Runway incursions remain a serious concern nationally. One important component of our ongoing efforts to improve surface safety at HPN involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year. The Westchester Aviation Association is hosting its next quarterly Air Traffic Control meeting on Tuesday, July 9 at 7PM in the second floor conference room of Ross East, 184 Airport Road, White Plains, NY. We'll be holding the annual runway safety meeting, under the direction of HPN Air Traffic Manager Mike Wold, which is always interesting and sparks many questions about ground operations at the airport. Other Westchester Tower controllers will attend as well. In addition, the meeting will cover air traffic-related news about the airport, and entertain any air traffic questions you may have. As is our custom, please let Scott Dyer (scott.dyer@verizon.net) know any questions you may want to raise at the meeting so our ATC partners can do any necessary preparation to provide you with the best answers. Light refreshments for your enjoyment as well. Please do RSVP [HERE](#) if you plan to attend this meeting.
