

IFR Meeting

We are back. Same place and time, different day. Now the 4th Tuesday of the month. Need face masks and max 25 people.

After weaving around cells all morning, it's time to call it a day. ATC turns you toward the approach for the nearest airport—and right into a cell that was not where it showed on your NEXRAD display. Will you do an about face to get out of it, or just cross over to the other side?

Directions: The meeting will be held in the Republic Airport Main Terminal Building, 2nd Floor Conference Room

A message from the National FAASTeam Manager
