Most accidents occur in the takeoff and landing phase of flight. FAAS Team Representative Brad Leve will present valuable information on making safe takeoffs and landings you can be proud of. He will review stabilized approaches and strategies to manage common landings risks to give you a safer more consistent touchdown. Don't miss this opportunity!

*Directions:* Penn State Aviation Hangar.

*Message from the National FAAS Team Manager:*  
**FAAS Team CFI Workshops start this Fall. Watch for them in SPANS...**
