

## 2013 John Wise Balloon Society Safety Seminar

Maximize your balloon safety potential! Sharpen your skills to ensure safe operations by attending this informative event. Training topics will include weather, pilot decision making, performance and limitations including mitigating loss of control accidents, maintenance and repair, Federal Aviation Regulations (CFRs), review of balloon accidents and ground crew safety. Join your balloon pilot colleagues in improving balloon safety! There is a cost associated with this training event. To see all the details and to register, please click on the link below. We'll see you there!

**Directions:** McComsey Hall - Millersville University on East Frederick Street.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
