

The FAA Safety Team presents:

If You Can Drive, You Can Fly!

If you're looking for a Saturday-afternoon stroll through the sky without a lot of expense, the FAA created the sport pilot certificate in 2004 just for folks like you. FAA's Light Sport Aircraft (LSA) category offers an affordable, safe, basic aircraft for many people who would otherwise be unable to fly. Attend this interesting and exciting safety briefing and learn about Light Sport Aircraft and Sport Pilot privileges! Join us at International Learn to Fly Day at Lock Haven. Please click on the link below for more details and to register online!

Directions: Please see map link for directions, seminar will be held in Video Room at West end of Hangar 1 (enter from ramp)

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
