

Harrisburg EAA 122 Monthly Meeting - What's In Your Logbook?

What is your idea of airworthiness? Who is responsible for the airworthiness of the aircraft you fly? How do you carry out that responsibility? The FAR's require that an aircraft is "Airworthy" before a pilot can legally fly it? How can you be sure your aircraft meets this requirement? What inspections are required? How can you determine that they have been accomplished? What about ADs, STCs, 337 forms? Join Bill Schlak, CFI, FAASafety Team Representative and aircraft owner to get the answers to these questions. Open to EAA 122 members only.

Directions: Please see map for directions.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
