

If You Can Drive, You Can Fly!

If you're looking for a Saturday afternoon stroll through the sky without a lot of burdensome expense and regulation, the FAA created the sport pilot certificate in 2004 just for folks like you. FAA's Light Sport Aircraft (LSA) category offers affordable, safe, basic aircraft for many people who would otherwise be unable to fly. Attend this interesting and exciting safety briefing and learn about light sport aircraft and Sport Pilot privileges!

Directions: Video Room at West end of Hangar 1 (enter from ramp)

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
