

## ADS-B Understanding and Preparing

ADS-B requirements are not going away. Everyone who flies in controlled airspace is affected and needs to gain an understanding of how ADS-B works and how it affects them. Learn what you need to know to prepare yourself and your aircraft to meet the upcoming ADS-B requirements. Bill Banks, Harrisburg FSDO Manager, Avionics Inspector and pilot will explain in plain language what it means to the general aviation pilot. Breakfast will be available from 0800 to 1000. Bring your appetite and your questions.

**Directions:** Terminal Building

### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
