

## Where's My Flying Car?

Back in the 1950's, we were promised flying cars by the year 2000. Well, we're now well into the 21st Century, and it still hasn't happened. In this FAA Safety Team seminar, we will:

- Review the history of multi-use vehicles,
- Explore what's out there today and on the horizon for tomorrow,
- Consider lessons learned from the Sport Pilot and Light Sport Aircraft experience, and
- Contemplate the training, operational, regulatory, and safety implications of having thousands of people out there flying around like George Jetson.

Don't miss this exclusive event. Click on the link below and register TODAY.

**Directions:** The meeting will be held in Crystal Ballroom Two.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
