## Category and Class: Adding New Ratings has Never Been Easier!

At this informative briefing you will learn how to add additional pilot privileges without having to take an FAA practical test. Any licensed pilot, with or without a current medical certificate, can choose to operate under Sport Pilot rules. These include the opportunity to obtain pilot privileges in new categories and classes of Light Sport aircraft, without the need to take an FAA check ride. At this Wings safety seminar, you'll learn the policies, procedures, precautions, and privileges that apply. Click on the link below and register TODAY.

**Directions:** The meeting will be held in the Expo Forum t-hangars (Area L).

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
