

Harrisburg FAAS Team presents:

IMC Club Inaugural Meeting

This is the inaugural meeting for the Harrisburg IMC Club.

The IMC Club's purpose is to promote instrument flying, proficiency, and safety. The intent is to create a community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. The IMC Club, which is an Experimental Aircraft Association Inc. subsidiary, offers monthly meetings in which pilots can network and share knowledge and experiences. Monthly meetings use real-world scenarios based upon members' actual experiences, described in a short video. In the video problems will be presented, and the audience will be asked to share their ideas on "What would you do?"

We learn from each other, and you do not have to be instrument rated to attend. Click on the link below and register TODAY!

Directions: In the Skyport Aviation Pilot Lounge at Capital City Airport.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
