

Lancaster Fly-In Drive-In Breakfast

Experts believe that about 75% of aircraft accidents are caused by human factors—involving the pilot. But because humans design, build, operate, and maintain every component of our air transportation system, human factors are involved in almost every accident. Come join us as we discuss the most interesting and important device in aviation—the human being!

To register, click on the link below TODAY!

Directions: In the Terminal Building Passenger Lounge.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
