

## Lancaster Fly-In Drive-In Breakfast

We are in the midst of radical changes in our general aviation cockpits. Vastly expanded delivery of information has the potential to make flying safer, but it also poses new challenges for the humans who operate the equipment. Our guest speaker at this interactive seminar will be Todd Adams, President of Lancaster Avionics. Come join us as we explore this brave new technological world! Click on the link below and register TODAY!

**Directions:** In the Terminal Building Passenger Lounge

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
