

Lancaster Fly-In Drive-In Breakfast

Non-A&P pilots are permitted to perform a surprising number of maintenance tasks. At this seminar you can learn more about how, within the bounds of the regulations, pilots can make their aircraft better and safer through preventive maintenance. This meeting will be hands-on—we plan to hold it in the Aero-Tech Services maintenance hangar, after breakfast in the Lancaster terminal building. Click on the link below and register TODAY!

Directions: The seminar will be in the Terminal Building Passenger Lounge.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
